COACH MILLER

Coach Miller has been at Hiwassee for three years. In his first year he put athletics on a higher plane than had been known before. It was largely due to his efforts that we received our gymnasium. When our athletic field was to be named, there was only one man's name to honor it—the man who made it possible. The field was named "Miller Field." Last year Coach turned out the most successful football team in the history of Hiwassee. The Girls' Basketball Team was second to none in this entire section of the State. He made a bunch of boys with very little experience into a basketball team. Although they lost a few games, they always displayed that "fighting spirit" that Coach Miller injects into all his teams. We feel that "C. T." has done a great deal to put Hiwassee on the map, and we appreciate it.
